<b>TOTAL GUESTS:</b>	60 delegates (Three 25-seater buses)
<b>COST:</b>	US\$50 per person or equivalent in Zambia Kwacha (excluding lunches, wifi & water included)

*Find brief description of farms/companies below.*

## TOUR B: LUSAKA - KAFUE

<b>TOUR ROUTE:</b>	Lusaka → Kafue: Zambia Aquaculture Research Institute → Chilanga: Msekese Fisheries → Lusaka: Novatek Aquafeeds
<b>TIME:</b>	07:00 – 15:30 (Departure time from MICC is strictly 07:00am)
<b>TOTAL GUESTS:</b>	50 delegates (Two 25-seater buses)
<b>COST:</b>	US\$30 per person or equivalent in Zambia Kwacha (excluding lunches, water included)

*Find brief description of farms/companies below.*

**You can register for the Aquaculture tour online with your conference registration. Limited spaces are available for the tours (Book early - first come first serve!). Deadline is 1 October 2023.**

✚ These are professional tours. Every effort will be made to avoid leisurely tour stopovers along the ways.

## TOUR A - LAKE KARIBA/SIAVONGA

### Aller Aqua Ltd

*Aller Aqua Zambia is a prominent player in the aquafeed industry, committed to providing high-quality and sustainable fish feed solutions. Aller Aqua has factories in 7 countries that sell feed to over 70 countries around the world. The Aller Aqua factory in Zambia was inaugurated in September 2017. It is situated in Siavonga town on the shores of Lake Kariba about 180km from the Capital Lusaka. The factory has a production capacity of 50,000 tons of feed per year for domestic consumption and exports.*

### Yalelo Ltd

*Yalelo is the pioneer of commercial aquaculture in Zambia, bringing together local resources and world-leading practices. Founded in 2011, Yalelo has grown quickly to become the largest aquaculture business in Zambia and Sub-Saharan Africa. The company breeds and grow tilapia on the shores of the open and stunning waters of Lake Kariba and sell its fish nationwide in 55+ of our own retail outlets and export to the region.*

### Zamfresh Fish Farm Ltd

*Incorporated in 2018, Zamfresh, one of the biggest and fastest growing fish farms operating along the shores of Lake Kariba*

## TOUR B – LUSAKA-KAFUE TOUR

### 1. Msekese Fisheries - Chilanga

Msekese Fisheries Ltd is a Tilapia hatchery, which specializes in the production of *Oreochromis andersonii* (Kafue Bream), an indigenous species to Zambia. The hatchery was established in 2016, with commercial production beginning in 2017. All of our facilities are all under greenhouse infrastructure and our Nursery is operated under a recirculating aquaculture system (RAS).

### 2. NOVATEK Animal Feeds Ltd - Zambia

Novatek Animal Feeds is the largest animal feed producer in Zambia and has been in operation since 2008. The company produces a large variety of scientifically formulated feeds and custom mixes for all feed types, including aquafeeds. With two production facilities located in the capital city Lusaka and one in the Central Province, Mpongwe, Novatek is strategically located with a large retail and distribution network to serve farmers all over Zambia. Novatek exports feed to eleven countries.
