UNIVERSITY™

# USAS STUDENT SUBUNIT AT MISSISSIPPI STATE UNIVERSITY

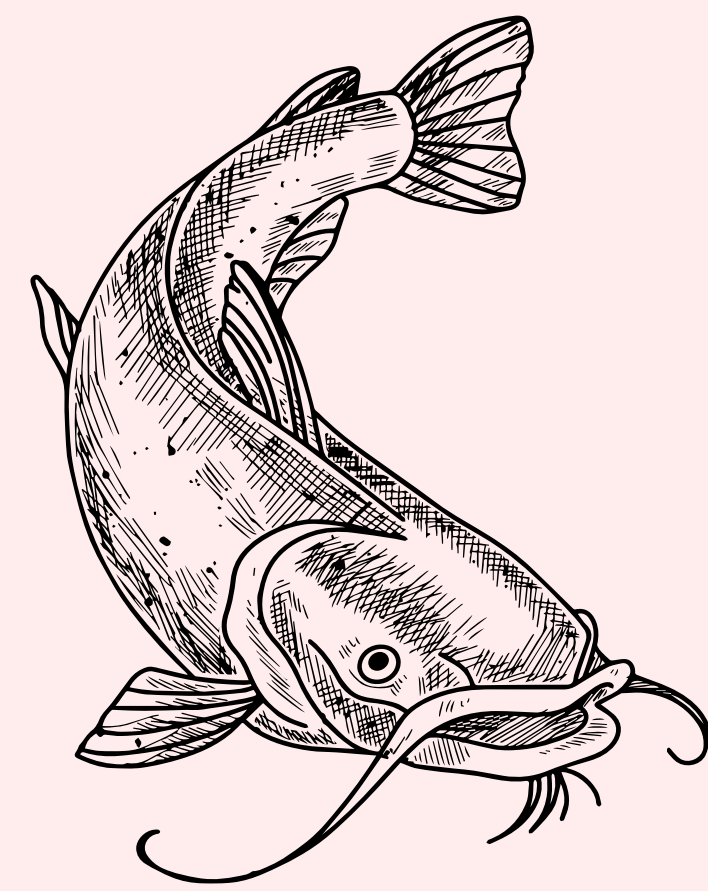

Vitor Silva\*, Isabella “Flor” Silva, Taylor Shamblin, Jing Huang,  
Divya Rose, Taylor Heckman, Peter Allen, Fernando Yamamoto.  
vf159@msstate.edu

Established in September 2025, the new USAS Subunit brings together both the **Department of Wildlife, Fisheries and Aquaculture** and the **College of Veterinary Medicine**, with members based across the **Mississippi State and Stoneville campuses**.

## 2) MEMBERS

The subunit is comprised of **three faculty advisors, five executive board members, and nine additional members**. Current membership consists of **11 PhD students and 2 Master’s students**.

## 3) OUTREACH

The subunit will **collaborate with other aquaculture organizations** at MSU to promote local events and highlight member achievements across digital platforms.

## 4) CONNECTIONS

The subunit aims to strengthen connections between MSU students with a common interest, while providing opportunities to connect with the academic and industrial sectors of aquaculture through engaging events.

## 5) COMMUNITY

We aim to cultivate a strong, supportive community through mentorship, outreach, and philanthropy.
