Professional resume

Until June of this year I worked as Production Manager for ACUÍCOLA LA SELVA (GENETIKA) located in the Amazon Region of Peru. A growing company dedicated to the production and sale of fry in species such as Pacu, Sábalo, Gamitana. Since 2017 we started the production of reverse sex fry of Tilapia, supplying the national market.

In Costa Rica I collaborated as Supervisor of the Genetic Improvement Program in AQUACORPORACIÓN INTERNACIONAL, a company with an annual production of 20,000 metric tons and a population of close to 1100 employees.

Work experience.
