### 2. CAREER OBJECTIVES

I'm a creative person with well organized performance, attention to details, intellectual, competence in both Fisheries and Aquaculture activities plus knowledge of computer application based in micro-computer application.

I am a confident and hardworking person believing in teamwork and good communication as well as commitment, currently looking for an opportunity with ambition to offer knowledge and skills to also pursue a career in an organization where my inter-personal skills can be utilized to achieve the objectives of the organization and which provides me with an opportunity of continuous learning and experience.

I consider myself as a person with relevant knowledge and capabilities to succeed in works.

### 3. EDUCATIONAL BACKGROUND

YEAR	INSTITUTION/SCHOOL	AWARD
2015- November 2018	SOKOINE UNIVERSITY OF AGRICULTURE	BACHELOR OF SCIENCE IN AQUACULTURE
2013-May 2015	KAZIMA SECONDARY SCHOOL	ADVANCED CERTIFICATE OF SECONDARY SCHOOL EDUCATION
2009- 2012	SAPIENTIA SECONDARY SCHOOL	CERTIFICATE OF SECONDARY SCHOOL EDUCATION

### 4. WORK AND RESEARCH EXPERIENCE

#### **Field Practical Training at Magadu fish farm and hatchery unit at SUA from July to September 2018**

I attended a Field Practical Training at Magadu fish farm and hatchery unit and I was able to acquire many skills concerning fish farming activities including feed formulation, fish feeding, fish rearing, eggs incubation and hatching, RAS (Recirculating Aquaculture system) and aquaponics systems, broodstock management, artificial propagation of fish, pond water management, live and natural feeds making such as rotifers, Tubifex worms and Azolla.

## **Field Practical Training at J&B Ruhanga fish farm in Muleba, Kagera from July to September 2017**

I did attend a Field Practical Training at J&B Ruhanga fish farm and acquired a lot of experience and skills concerning aquaculture activities such as sex reversal in fish especially Nile Tilapia, feed formulation and making, feed storage, fish harvesting, pond management, fish diseases and their treatments as well as fish nutrition in general.

### **- Achievements;-**

- Experience in fish diseases and their treatments
- Experience on how to manage farmed fish for their better growth and survival.
- Knowledge and skills on how to make feed both artificial and natural feeds, and their storage
- Knowledge on how to reduce production cost by feeding fish with low cost protein sources
- Development of individual/interpersonal skills through serving customers with different personalities, such skills includes problem solving, decision making, self-awareness and self-esteem skills which will make me fit in any organization.
- Teamwork to meet organizational objectives.

### **> RESEARCH EXPERIENCE**

During my degree study I managed to write my own research work on title; EFFECT OF AZOLLA SUPPLEMENTATION ON THE GROWTH PERFORMANCE OF TUBIFEX WORMS.

Where the main objective was to determine the effect of azolla supplementation on the growth performance of tubifex worms.

## **5. SPECIAL SKILLS**

Computer Skills.

I have a good range and understanding of the following computer software applications:-

Word processors (MS Word), Spreadsheets (MS Excel), Microsoft PowerPoint, Microsoft Access, Internet application and Microsoft Publisher.

## **6. INTEREST AND HOBBIES**

-Travelling, visiting tourist sites and natural resources, fishing and music. - Working for the community and sharing different business ideas.

## **7. PERSONAL QUALITIES**

- Independent Mind, Flexible, Intelligent, Charming, Team Player and Creative. - A leader, cooperative, Self-motivated to work with minimum supervision
- Capable to work under pressure with maximum time observation
- Report writing, Attention to detail and Accuracy.
