

AQUACULTURE AFRICA 2021
Alexandria Egypt, Dec. 11-14, 2021

**** PRESS RELEASE ****

4th September 2020

**WORLD
AQUACULTURE
Society**

Aquaculture Africa Conference rescheduled to December 11 – 14, 2021

Due to the devastating impacts of the COVID-19 pandemic which has resulted in lockdowns, travel restrictions, bans on mass gatherings etc, the World Aquaculture Society (WAS) and its key stakeholders in Egypt have decided to postpone the Aquaculture Africa 2020 to next year (2021). This has prompted us to change it to “AFRAQ21”.

The venue remains the same: Alexandrina Bibliotheca, Alexandria City, Egypt.

WAS understands that this rescheduling, which is in line with Egyptian health and safety regulations, is of the best interest for the safety and well-being of our members, delegates, exhibitors and all other parties concerned.

Please note:

- Registration has now been extended to October 2021
- Submission of abstracts has now been extended to September 2021. All abstracts already submitted are valid and will be processed according.
- All tradeshow exhibitors are requested to contact Tradeshow management to reconfirm their booths: mario@marevent.com

We thank you for your continued support and look forward to you joining us at AFRAQ21 (Egypt) in December next year.

For more information and regular updates including the updated brochures, please visit website www.was.org. You are also welcome to contact us for further queries on worldaqua@was.org or africanchapter@was.org
