

World Aquaculture 2023 Accommodation

Please find below the list of contacted hotels. We asked for the rates during the period of the event and the availability. The hotels listed blocked a number of hotel rooms for our participants. It is high season in Darwin so these hotels can only hold the rooms till March 1st. So, it is important to book early.

Besides the list there is also a link to the Tourism Top End agency with all details on the hotels in Darwin.
