

**AQUACULTURE AMERICA 2014
SESSIONS AT A GLANCE**

Monday, February 10

Plenary	8:30	10:00	Room 605
Drugs/Therapeutics	11:00	12:30	Room 606
How Do We Grow Aquaculture?	11:00	12:30	Room 616
Oysters	11:00	12:30	Room 618
Stock Enhancement	11:00	12:30	Room 615
Student Career Planning Seminar	1:30	4:30	Room 604
Soy in Aquafeeds	11:00	3:00	Room 609
Larval Rearing	11:00	4:30	Room 602
Zebrafish Workshop	11:00	4:30	Room 607
Seafood Processing and Transport	1:30	3:00	Room 613
Aquaponic Food Production	1:30	4:30	Room 608
BioFloc Workshop: The Texas A&M AgriLife Super-intensive Indoor Shrimp Biofloc Program: System Design, Operation, and Commercialization	1:30	4:30	Room 611
General Nutrition	1:30	4:30	Room 618
Genetics	1:30	4:30	Room 606
Nutritional Physiology	1:30	4:30	Room 615
Federal Town Hall	3:00	4:30	Room 616

Tuesday, February 11

Specific Examples of Community Education/ Training and Student Leadership Programs Designed to Preserve and Enhance the Aquaculture Industry	8:30	10:00	Room 608
Engineering	8:30	12:00	Room 618
Aquaculture 101	8:30	12:30	Room 613
Biofloc Technology	8:30	12:30	Room 611
Advances in Paddlefish Culture & Marketing	8:30	12:30	Room 602
Taurine: Current Knowledge and Future Roles In Aquaculture	8:30	12:30	Room 615
Reproductive Physiology	8:30	12:30	Room 620
Health/Disease	8:30	4:30	Room 616
Zebrafish Workshop - continued	8:30	4:30	Room 607
IMSEGI (International Marine Shrimp Environmental Genomics Initiative: Monitoring Ecosystems, Animals and Public Health)	8:30	5:00	Room 606
Offshore Aquaculture Monitoring Requirements and Protocols -- Working Towards Assessment of Impacts and Regional Standards	10:30	12:30	Room 609
Prebiotics, Probiotics and Immunostimulants	10:30	12:30	Room 604

Low-Cost Feed and Input Solutions for Sustainable Small-Scale Aquaculture in Developing Countries	10:30	12:30	Room 608
Low-Cost Solutions for Sustainable Small-Scale Aquaculture in Developing Countries	1:30	3:00	Room 608
Seafood Safety, Standards and Human Health (GILLS)	1:30	3:30	Room 620
Bioactives and Modifiers	1:30	4:30	Room 604
Lipids in Aquaculture Nutrition & Physiology	1:30	4:30	Room 609
Multitrophic Aquaculture	1:30	4:30	Room 611
Recirculating Aquaculture Systems	1:30	4:30	Room 618
Sablefish	1:30	4:30	Room 602
SBGA	1:30	4:30	Room 615
USTFA	1:30	4:30	Room 613

Wednesday, February 12

Education	8:30	10:00	Room 604
Freshwater Fish Culture	8:30	12:30	Room 611
Offshore Aquaculture	8:30	12:30	Room 602
Sustainable Aquaculture	8:30	12:30	Room 608
Water Quality	8:30	12:30	Room 609
American Tilapia Alliance	8:30	12:30	Room 613
Ingredient Evaluation	8:30	3:00	Room 618
Physiology	8:30	3:00	Room 607
Catfish	8:30	4:30	Room 615
Economics and Marketing	8:30	5:00	Room 606
Issues Affecting Aquatic Veterinary Programs and Practice	8:30	5:00	Room 616
Extension	11:00	12:30	Room 604
Marine Fish Culture	1:30	3:00	Room 602
US Aquaculture Check-off Forum	1:30	3:00	Room 607
Alternative Feeds Development	1:30	5:00	Room 604
Aquaculture Without Frontiers	1:30	5:00	Room 609
Aquaculture and the Environment	1:30	5:00	Room 608
General Aquaculture	1:30	5:00	Room 611
