

Day	Time	Pasteur	Einstein	Antigone 1	Antigone 3	Rondelet	Barthez	Sully 1	Sully 2	Sully 3	Joffre 5	Louisville	Tiberiade						
		Auditorium	Auditorium	Room	Room	Room	Room	Room	Room	Room	Room	Room	Room						
Sat Aug. 25	16:00 - 17:00							WAS Business Meeting											
	18:00-19:00	Opening Ceremony																	
	19:00-21:00	Welcome Drink																	
Sun Aug 26	9:00		Plenary																
	10:45																		
	11:20	Functional Ingredients	Genome Regulation & Manipulation	Molluscs	African Aquaculture	Student Workshop	Value Chain Economics	Tilapia	Microbial Community Management	Live Feeds	Sea Cucumber, Sea Urchins, Polychaetes	FISHBOOST Farmers' Day Fish Breeding and Genetics							
	12:40																		
	14:30																		
	17:10		Vaccines & Therapeutants		Communication to Society	Food Safety	Aquaculture Value Chain Research-Current Status and Future Visions	Non-food Aquaculture	Microbial Raw Materials Marine Algae in Aquafeed	General Contributed			Aquaculture and Prospective						
	17:10 - 18:00									EAS General Assembly									
Mon Aug 27	9:00	Feed Additives	Immunology, Pathology	Molluscs (continued)	Welfare	Micro & Macro Algae Culture	Bio-Flocs Systems	EU EATIP Day Feed Globally - Produce Locally	Agriculture Aquaculture Circular Co-production & Eco-intensification	TAPAS Stakeholders Workshop	Selection & Breeding Programmes	Socio-Economics	Biodiversity, Conservation, Alien Species						
	10:40																		
	11:10																		
	12:50																		
	14:30									Off the Shelf Solutions for Fin and Shellfish Breeders	Genomic Selection		Escapes: Causes, Consequences & Prevention						
	17:10																		
	17:10							15:30-18:00 FINALAB: Sanitary Issues and New Analytical Methods for Aqua Diagnostics											
	9:00	Nutrition:	Integrated Multi-Trophic	Emerging Diseases &		AMR in Aquaculture	Marine Spatial Planning: Siting, Zoning, Area	Percid Fish	Development, Welfare & Poverty Alleviation	Integrating Finance into	FISHBOOST: Boosting EU Aquaculture by Advancing Selective Breeding to the Next Levels	Hatchery Technologies Management	EAFP Meeting						
	10:40	Novel Feed																	
	11:10	Ingredients																	
	12:30																		
	14:00													Larvae & Juvenile Management					

Tue Aug 28	15:20	Protein and Lipid Sources	Aquaculture	Diagnostics	Shellfish Forum	Biosecurity & AMR	Management and GIS		Forum Production of Penaeid Shrimp in Europe - Risks and Opportunities	Sustainability Models (IAAEM)	EU Atlantic Session	Broodstock Management	
	15:40												Expanding Aquaculture Within the Planetary Boundaries
	17:20												
	19:00 - 22:00	Presidents Reception											
Wed Aug 29	9:00	Antimicrobials Prebiotics & Probiotics	Recirculating Aquaculture Systems	Cage Culture	Measuring Sustainability in a Changing World	Tuna Session	Adaptation to Climate Change & Ocean Acidification	VIVALDI: Preventing & Mitigating Farmed Bivalve Diseases		Outermost Regions / Islands	Sex Determinism & Control	Social Acceptability of Mediterranean Aquaculture	Aquaculture in Iran
	10:40			Restoration Projects									
	11:10												
	12:30	Nutritional Requirements Finfish/Crust	Ocean Aquaculture	Commercial Aquaculture in Sub-Saharan Africa	WSCS Sturgeon	Assessment & Mitigation of Environmental Impact		Research Priorities in Support of Commercial Aquaculture - Global Overview	Freshwater Prawns & Crayfish	Measuring IF (JWAS)	Parasites	Aquariology forum - Role of Public Aquaria	
	14:00												
	15:40												
	16:00												
17:20
