

African Extrusion Seminar: Aquatic Feeds and Related Extrusion Products

Wenger Manufacturing, Sabetha, Kansas USA announces an Extrusion seminar in association with the World Aquaculture 2017.

**Monday June 26th, 2017, 12 to 6 PM
Cape Town International Convention
Centre Cape Town, South Africa**

Discussions on African Aquaculture, Extrusion Cooking, Drying, Coating and related functions for production for all styles of aquatic feeds centered on profitability. Feed ingredient selection, grinding, methods of producing floating, sinking and slow sinking feeds. Related products include pet foods, ingredient creation, breadcrumbs for fish coating before frying giving a full review of extrusion possibilities. If interested in attending, please contact Wenger at Jkearns@wenger.com, mauriciob@wenger.com or RogerG@perendale.co.uk for the free registration form and invitation. Seating is limited.

See you in Cape town
