

Curriculum Vitae
Evgeniya Dolgova

Address: Rublevskoe shosse, build. 38/2, apt. 283, Moscow, 121609, Russia

Tel.: +7(919)726-73-75

E-mail: e.dolgova@mail.ru

Date and place of birth: November 03, 1986, Moscow, Russia

Education:

2008 – 2011 – Postgraduate Program of Biology Faculty, Lomonosov Moscow State University.

2003 - 2008 – Full-time student of Biology Faculty, Lomonosov Moscow State University.

2007 April – Defense of the Forth-year qualification work: "The Steller sea lion's attitudes between females and their one-year-old pups (*Eumetopias jubatus*)".

2008 May – Defense of diploma work: "Behavior of 1-3 year old Steller sea lions (*Eumetopias jubatus*, Schreber 1776) on the Yogovostochnoe Rookery, Medny Island (Commander Islands): the influence of the mother's presence".

Scientific specialist: zoology of vertebrates

Languages: Russian, English

Experience of fieldwork and projects listing:

2004, June – course on flora and entomofauna at Zvenigorod Biological Station (Moscow province).

2004, July – course on marine invertebrate biology at White Sea Biological Station.

2005, June – course on avifauna, condition of nestlings and day time activity of adult individuals of two species of birds of prey (Long-eared Owl (*Asio Otus*), Marsh Harrier (*Circus aeruginosus*)) in reserve "Brianski Les", Bryansk region.

2005, July – course on ichtiofauna and teriofauna at Zvenigorod Biological Station (Moscow province).

2006, May - August – field work in Russian Far East Marine Mammal Research Program on Dolgaya Rock at Lovushki Islands (the Kuril Islands, the North Pacific).

2007, January - February – survey to assess the number and distribution of birds and mammals in the Kizil-Agach reserve (Azerbaijan).

2007, May – August – field work in Russian Far East Marine Mammal Research Program on Mednyi Island (the Commander Islands, the North Pacific).

2008, January – February – field work and research in Antarctic Science Summer School at King George Island.

2009, January – March – Caspian International Seal Survey, Caspian seal observer, Kazakhstan.

2009, *June – August* – participant of the lighthouse observations and boat-based photo identification survey in the Western Grey whales research project (IFAW).

2010, *January – March* - Northern Elephant Seal Monitoring Program at Point Reyes National Seashore, California.

2010, *April – June* - Seal Rehabilitation and Research Centre Lenie't Hart, Holland.

2010, *July – August* - participant of the lighthouse observations and boat-based photo identification survey in the Western Grey whales research project (IFAW).

2011, *February* – Caspian International Seal Survey, Caspian seal observer, Kazakhstan

2011, *June- August* – participant of the lighthouse observations and boat-based photo identification survey in the Western Grey whales research project (IFAW).

2012, *January-March* – Caspian International Seal Survey, Caspian seal observer, Kazakhstan

2012, *June – August* – participant of the lighthouse observations and boat-based photo identification survey in the Western Grey whales research project (IFAW).

2013, *May - September* – Marine mammal observer internship at CIMA Research Foundation, CETASMUS 2013 «Cetacean monitoring in the North Western Mediterranean Sea».

Contracts listing:

Year	Client	Area	Vessel/Contractor	Project
2024	Rusgasshelf	Okhotsk sea	Lamantin/ Ecostandard	Yuzhno-Kirinskoe Oil and Gas Field (Russia) / Marine Fauna Observer
2023	Rusgasshelf	Okhotsk sea	Lamantin/ Ecostandard	Yuzhno-Kirinskoe Oil and Gas Field (Russia) / Marine Fauna Observer
2023	Boskalis	Manila Bay	Cutter suction dredger Helios/ BPI Powerful People	Manila International Airport (MIA)/ Marine Fauna Observer Trainer
2022	Rosmorport	Volga-Caspian Canal	Gosnadzor/ Ecostandard	Specialist/ Complex environmental monitoring during dredging operations in the Volga-Caspian Canal
2021	Exxon Mobil	Okhotsk sea	Ivan Kireev/ Geocon Neftegas Services Limited	MMO/Sakhalin, 2D seismic survey
2020	Rosatom	East-Siberian Sea	Small Boats/ Ecostandard	Specialist / Complex industrial environmental monitoring
2019	Exxon Mobil	Okhotsk sea	Sunrise G/ Geocon Neftegas Services Limited	MMO/ Sakhalin-1, 4D seismic survey
2016	Lukoil KMN	Baltic sea	MRTK Kandava/ Ecostandard	Specialist/ Complex ecological monitoring

Year	Client	Area	Vessel/Contractor	Project
2015	Tengizchevr oil	Caspian Sea, Kazakhstan	Coastal Assistant & Zhenis / University of Leeds	Caspian seal observer/ Dredging CaTRo chanel
2014	Rosneft, Exxonmobil	Laptev Sea	Kravkov/ Arctic Science Center	MMO/ 2D seismic survey
2015	Exxon Mobil	Okhotsk Sea	Orient Explorer/ Geocon Neftegas Services Limited	MMO/ Sakhalin-1, 3D seismic survey
2014	Gazprom	Okhotsk sea	Viking vision/ Gardline	MMO/ 3D seismic survey
2014	Rosneft	Okhotsk sea	Viking vision/ REA-consulting	MMO/ 3D seismic survey
2009-2012	Agip KCO	Caspian Sea, Kazakhstan	Mangistau 2,4/ University of Leeds	Caspian seal observer/ icebreaker operations

Technical Courses and Certificates:

- Seaman's book
- Offshore Norwegian Medical Certificate
- Seafarer's ID
- Security-awareness training STCW'95 A-VI/6-1
- Basic Safety Training STCW'95 A-VI/1
- FOET (Further Offshore Emergency Training) with CA-EBS
- JNCC Marine Mammal Observer Certificate, Intelligent Ocean Training and Consultancy Services.
- JNCC Protected Species Observer Training for Gulf of Mexico, Intelligent Ocean Training and Consultancy Services.
- Marine Mammal Observer Training Course, LLC "RAE-consulting", Russia.
- Marine Mammal Observer Training Course, issued by the Marine Mammal Council and Center of Marine Research of Lomonosov Moscow State University, Russia.
- Passive Acoustic Monitoring, Seiche, San Francisco, USA.
- Open Water Diver PADI Certificate

Meetings and activities:

2008, March – 22nd Annual Conference of the European Cetacean Society, Egmond aan Zee, Netherlands (poster presentation).

2008, May – Protection of marine mammals in the White Sea. Participant of the program for Coastal Council of the North Karelian Coast. The Day of Seal educational program for local community and tourists (IFAW).

2008, March – 23rd International Polar Meeting, Muenster, Germany. Internationale Studentenexpedition nach King George Island/Antarktis.

2008, October - International Conference Marine Mammals of the Holarctic V, Odessa, Ukraine (poster presentation).

2008, December – 2009, April - laboratory assistant-researcher of Diagnostic Department of the Russian Scientific Center of Radiology and Nuclear Medicine.

2009, May - Conference "Modern problems of zoogeography and phylogeography of mammals", Penza, Russia.

2009, September – The White Sea Molecular Zoology Summer School, N. A. Pertzov White Sea Biological Station (WSBS MSU).

2010, October - International Conference Marine Mammals of the Holarctic VI, Kaliningrad, Russia (poster presentation).

2010, October – December – trainee of the Moscow Zoo dolphinarium, assistant of the walrus trainer.

2011, March – 25th Annual Conference of the European Cetacean Society, Cadiz, Spain (poster presentation).

2011, May – Biotelemetry Methods course, the University Center in Svalbard (UNIS).

2012, March - 26th Annual Conference of the European Cetacean Society, Galway, Ireland (poster presentation).

2012, September - International Conference Marine Mammals of the Holarctic VII, Suzdal, Russia (two poster presentations).

2013, April - 27th Annual Conference of the European Cetacean Society, Setubal, Portugal (poster presentation).

2015, March – Caspian seal meeting in Moscow, Russia.

2015, October - Symposium on the Impacts of Human Disturbance on Arctic marine mammals, with a focus on Belugas, Narwhals & Walrus, at University of Copenhagen, Denmark.

2015, December - Workshop on Risk assessment and mitigation of icebreaker vessel impacts on Holarctic pinnipeds, San Francisco, USA.
